

One Computer Classroom Strategies:

www.quia.com

1- Create An Account

1. Link to www.quia.com

2. Click
3. Under the login area, click **Create a new account**
4. Enter all requested information, then click **Create my account**.
5. Write down your username and password below!

My Username: _____

My Password: _____

2- Find and Use Activities

"To find and use activities, go to the Quia home page. In the yellow box labeled Explore, you can browse through Quia's 50 most popular activities.

In addition, Quia provides a directory of thousands of activities and quizzes in more than 50 subject areas. You can click on the category names to browse through activities in that those areas, or click *More...* to view all categories."

From www.quia.com/HowViewAct.html

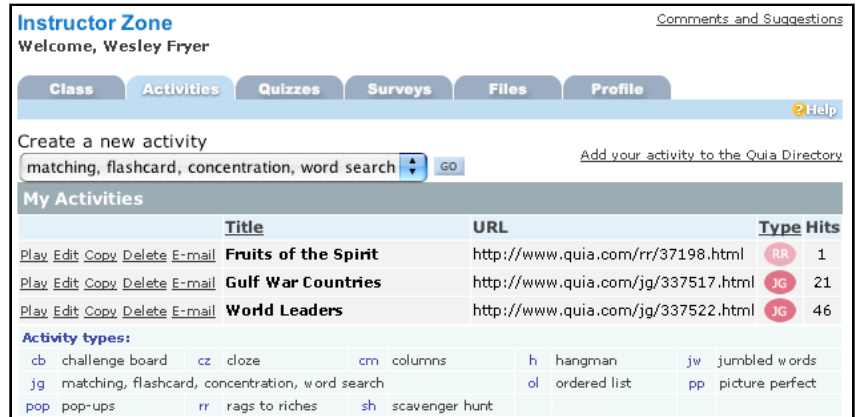

3- Basic Navigation in Quia

There are two primary areas (called zones): the **Instructor Zone** and the **Student Zone**.

On any Quia screen, click **Instructor Zone** to view your Activity Manager:

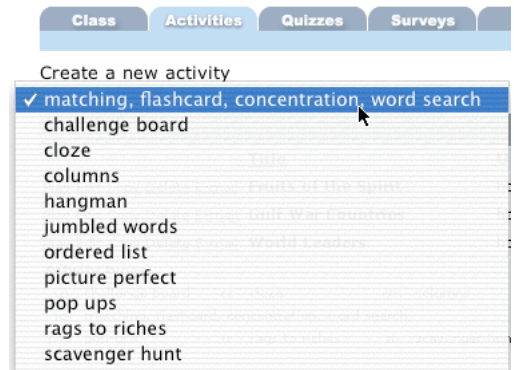

The Activity Manager includes TABS showing different activities you have made. **Class** shows different webpages for classes (can link to your activities, Quia activities created by others, or other pages), **Activities** created by you in Quia, along with **Quizzes**, **Surveys**, and **Files**.

4- Create a Quia Activity

1. In the Activity Manager, click on the **Activities** tab.
2. Under CREATE A NEW ACTIVITY, click on the popup menu and select the desired activity.
3. Click **GO** beside the popup menu (to the right of your selection.)
4. Follow the instructions for the activity you have selected.

Hint: If you want to use images or sound files, upload them first (just like you would attach a file to email). Do this by clicking the **FILES** tab in the Activity Manager.

5- Create a Quia Webpage

1. In the Activity Manager, click on the **Class** tab.
2. Beside CREATE A NEW CLASS PAGE click **GO**: **Create a new class page** **GO**
3. Enter a page name. **Note this will be part of the URL (web address) of your page.** Do NOT use spaces or special characters.
4. Enter other information as desired, then click **PREVIEW CHANGES**.
5. When the page looks like you want, click **SAVE CHANGES**.

Hint: You can also create an online calendar and enter your class roster if you want students to complete online quizzes. This can be very handy, as you can give grades and provide individualized feedback. Read more details on www.quia.com/tutorclass.html.
