

"Remember the Luddites: Asking Critical Questions about Educational Technology"

Wesley A. Fryer

wesfryer@yahoo.com
www.wtvi.com/teks/luddites

Lubbock ISD, Texas

Objectives:

1. Challenge your assumptions / beliefs about the roles of technology in education
2. Encourage critical thinking about educational technology
3. Help you improve the ways you choose to use / not use technology in the classroom

Categories of Educational Perceptions:

1. Educational Philosophy & Our Culture
2. Student Beliefs
3. Parent / Educator Beliefs
4. Objectionable Content Access
5. Standardized Testing
6. Technology Integration
7. Technology Acquisition

One thing from this session I agree with was:

One thing mentioned in this session I want to learn more about is:
